

FURTADO

FOREST PRODUCTS LTD.

PREMIUM CEDAR MANUFACTURERS
WHERE CUSTOMERS ARE FAMILY.

ABOUT THE COMPANY

The owners, Ryan & Carlos Furtado, have over 62 years of experience understanding and adapting to Cedar buyers' needs. They have built their careers on honesty and integrity. Their goal is to harness their wisdom and create a company designed to make your life easier. This includes offering the highest quality products and unsurpassed customer service.

We offer mixed shipping containers to save you money, re-manning to save you time and versatile shipping options to accommodate your budget restrictions. We have distributors all over the U.S. and Canada who trust us for our quality & expertise.

WHY CHOOSE US

Furtado Forest Products prefers a personal approach to Cedar. Our mission is to help friendly, authentic salespeople support a family of customers with high-quality products and convenient service. We are passionate about building a better, sustainable future together. You are guaranteed OUR dedication and focus on providing what you want, where you want, when you want it.

OUR PRODUCTS

All of our WRC is coastal fibre sourced from sustainably managed forests to ensure a steady supply. You can be sure your customers are getting WRC with superior aesthetics, durability, value, versatility, and environmental sustainability when compared to alternatives.

TIMBERS

Our appearance grade timbers do not allow for Rot, Wane or Holes. They are sourced exclusively from large diameter trees on the coast of BC & Alaska.

SIZES	GRADES	LENGTHS

10X12	APP	8'-24'
12X12	APP	8'-24'

ADAPTING FOR YOUR CUSTOMERS UNIQUE NEEDS

Few building materials have as much natural beauty as exposed WRC beams. Our Cedar beams are suitable for a broad range of functional and decorative applications. Timbers can add instant beauty, rustic charm, and compliment clean lines in ultra-modern settings. All of which help highlight the classical elegance of a traditional home.

FINGER JOINT

We manufacture premium kiln dried Finger Joint products in A&Btr and CVG using 100% WRC or Paulownia and a 3-stage inspection process. We can stain it to match any color with our Sherwin Williams Alkyd mold & mildew resistant primer. This allows you to blend it with your current stock or differentiate your offering from competitors.

SIZES	SPECIES	GRADES	LENGTHS

NO MORE DOG LENGTHS & 10 YEAR WARRANTY

Since we manufacture our Finger Joint from scratch, we can produce any length you can imagine. This prevents your inventory from ballooning with slow moving lengths. Furtado's Finger Joint allows you to sell your customer exactly what they want, no exceptions. Our Finger Joint is offered without any trims, something that is exclusive to Furtado Forest Products. We proudly stand behind our product by including an industry leading 10-year warranty for your customers.

DIMENSION

Our dimensional cedar is sourced primarily from coastal fibres in BC & Alaska. This gives it a natural dark brown hue and high-end appearance. The denseness from the tight growth rings creates a stronger, more stable product for carrying heavy loads and properly staining. This is the perfect product for your customers to use interchangeably throughout any build.

SIZES	GRADES	LENGTHS
2X2	CLEAR, APP, STD	6'-20'
2X4	CLEAR, APP, STD	6'-20'
2X6	CLEAR, APP, STD	6'-20'
2X8	CLEAR, APP, STD	6'-20'
2X10	CLEAR, APP, STD	6'-20'
2X12	CLEAR, APP, STD	6'-20'

A STEP ABOVE

Choose Western Red Cedar for its gorgeous aesthetics, rot-resistant durability and environmental sustainability when compared to plastic and metal composite imitations. In terms of versatility, no other building materials compare. Furtado Forest Products ensures your dimensional Cedar delivers the value that your customers expect.

BOARDS

Furtado Forest Products' Cedar boards are available in a variety of grades and textures to complement any styles your customers envision for their projects.

SIZES	GRADES	LENGTHS
1X2	SELECT, APP	6'-16'

2X8	SELECT, APP	8'-20'
2X10	SELECT, APP	8'-20'
2X12	SELECT, APP	8'-20'

GET THE TALLIES YOU NEED

We source our fiber with from various suppliers to help provide the quality and versatility you need. This includes specified tallies weighted towards lengths your customers buy. The last thing you want is to balloon your inventory with dog lengths. It also includes stable fiber and a premium appearance without defects you can be proud to sell. Next time you think boards, think Furtado Forest Products.

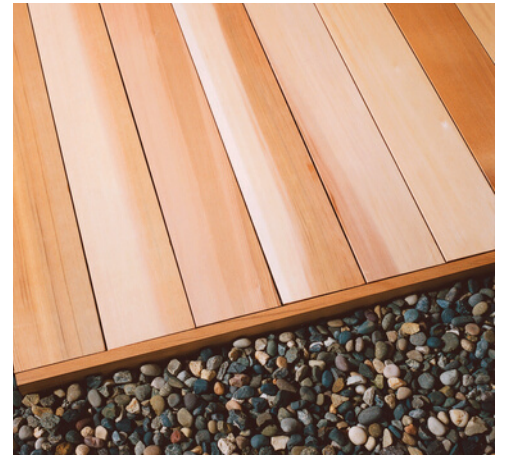

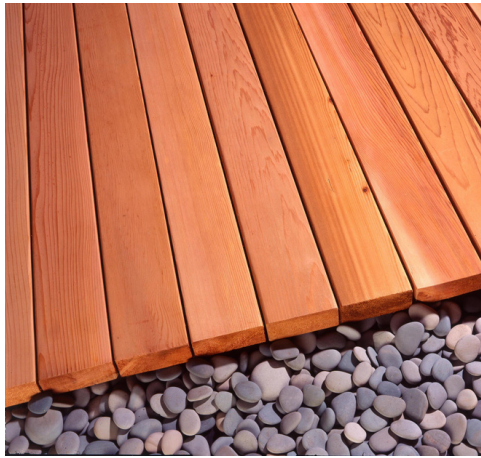

DECKING

We have absolutely no issue saying we make some of the best decking on the market. Our decking products are sold in the following sizes and grades:

CUSTOM TAILORED

In addition to Tongue & Groove, Bevel and Channel, we can create custom cuts to match your customers preference. Above all, our Western Red Cedar projects a regal elegance while providing a stable, decay-resistant solution for your clients siding needs.

SHIPPING OPTIONS

At Furtado Forest Products, we understand that no order is the same and we've got you covered. Our array of shipping options can accommodate your needs including: price; speed; distance; size and customer direct. Create a stress-free buying experience by trusting us to help you with your next order. Our extensive network of transport partners helps us get what you need, where you need, when you need it.

From rail, to truck, to intermodal van, to LTL, to container, and break bulk shipping. Let us worry about getting you the products you need on time so you can worry about things that matter, like your customers.

RESPONSABILITY

We believe a successful business requires more focusing on the bottom line. Furtado Forest Products prefers the triple bottom line: profit, people, planet. We work with our partners to safeguard sustainable forest practices and balance the needs of our business with the wildlife, environment, and communities— supporting incomes while conserving our forests for future generations.

At Furtado Forest Products, we will continually work towards excellence when it comes to forest management responsibilities. This continuous improvement is a part of a never-ending process to leave the earth in a better condition than we found it.

PROUD MEMBERS

Furtado Forest Products is proud to be members of the Western Red Cedar Lumber Association (WRCLA), the North American Wholesale Lumber Association (NAWLA), and the Independent Wood Processors Association of British Columbia (IWPABC).
